Dear James McGrath Memorial Foundation.

I hope you are doing great bounce back to me also I am doing great. Thanks just for mercy from Lord. I hope also this new year is doing to great to you all to me also is very nice. The last June holiday I enjoyed alot, I went to my Grandmother to visit her in real I enjoyed alot. My grandmother appreciate me in many things, like jokes, she like the way I doing my work in careful way and the way I showed love to her. I stayed for two weeks thereafter I went back home to prepare for myself to go back to school. On 3rd of July I came back to school since I reached at the gate of the school I really happy, this is because I like my school the most, I was been checked by my teachers, they looked the homepackage which they gave me, to myside I was finish all my homepackage so I was not fear about that. Thereafter I went to my dormitory to prepare my place and arrange well the place where I can sleep. From that day until now I'm enjoyed my school life. In my school I like alot of things, first I like my teachers, I like my fellow students, I like cooperation, I like study and so many activities which going on in my school. I dislike stay alone because when I stayed alone I feel so sad, I dislike quarrels with others, I like peace, I like to be happy all the time, when somebody bored me I really feel sad and the only person, when I did any mistake to a person the some I feel bad I feel pain so I find the way to solve it, if not imposible I just follow him/her directly and say sorry, so that I can be well in my life. In my life I planned alot of things, I wish to be a doctor so that I can treat and heal sick people, so I focus in Physics, chemistry and Biology, I pray to God to help me to achieve my goals. So that I can help other people like the way you help me that is what I have planned to do in my future life. Thank much for what you doing for me I really feel happy May God Bless you. I promise that I will study hard to achieve my goals, I will not play with the help that you give me, I will focus on my studies and struggle until the end. May God help me. It's me your daughter
